## SET60LT

| Model                                    | SET60LT                                      |
|--|--|
| Rated Loading                            | 20-60W                                       |
| Input Voltage                            | 230VAC/50Hz                                  |
| Output Voltage                           | 11.5V  |
| Condition Temperature (Ta.)              | Max. 50°C                                    |
| The Highest Temperature of Surface (Tc.) | Max. 75°C                                    |
| Protection Class                         | II   |
| Dimension<br>LxWxH (mm)                  | 115x44x19.5                                  |
| Thermal Protection                       | Yes  |
| Short Circuit Protection                 | Yes  |
| LVD (safety) Conformity                  | EN61347-2-2:2001                             |
| EMC Suppression                          | EN55015 EN61547<br>EN61000-3-2 EN61000-3-3   |
| Dimmer                                   | Applying dimmer to primary could be dimmable |
